25th ANESTHESIA AND ICU SYMPOSIUM ALPE – ADRIA

Udine - September the 21st-22nd, 2012

Aula Tullio (1 floor - Library building) Udine Hospital – University of Udine, UDINE.

Organizers of the Symposium:

G. Della Rocca  
Dept of Anesthesia and ICU, University of Udine.Udine, Italy

&

A. De Monte  
Dept of Anesthesia and ICU, Azienda Ospedaliero-Universitaria Udine. Udine, Italy

In co-operation with:  
Associations of Anesthesiologists of Austria, Croatia, Friuli Venezia Giulia (Italy) and Slovenia; together with the Universities of: Graz, Ljubljana, Rijeka, Trieste, Udine and Zagreb, Teaching Hospital Klagenfurt, and the Italian Society of Anesthesia, Analgesia and Intensive Care (SIAARTI).

Presidents: G. Della Rocca, A. De Monte.

Scientific committee:

G. Della Rocca, A. De Monte, B. Gerjevič, V. Jankovic, M. Kamenik, N. Kodric, B. Kremžar, M. Perić, K. Šakić, W.Toller, N. Vintar, Z. Zabavnik  
G. Berlot, A. Manohin, V. Majerić-Kogler, H. Metzler, A. Sustic, E. Trampitsch, R. Likar

Local Organising committee:

P. Chiarandini  
F. Rosa  
C. Deana

Suggested topics for abstract submission:

Technology and new devices  
Hemodynamic monitoring  
Bloodless surgery  
Organization  
Transplantation (including donor management)  
Trauma  
Anesthesia  
Intensive care Medicine  
Emergency  
Pain management
Official language: English (no translation will be provided)

Invited lectures (only for the speakers):
Four pages [A4], margins: 2.5 cm top, bottom, right and left.
[to be sent only via e-mail: anestesia.universitaria@aoud.sanita.fvg.it]

Invited lectures: 20 min

ABSTRACT SUBMISSION
Free topics [Oral presentations] on Anesthesia and Intensive Care
Up to 4 pages [A4], margins: 2.5 cm top, bottom, right and left [to be sent only via e-mail: anestesia.universitaria@aoud.sanita.fvg.it].
The author will be informed via e-mail if the abstract will be accepted for oral or poster presentation.
Only if at least one of the authors will be registered the oral presentation and the publication on the proceeding book will be permitted.

IMPORTANT. To avoid troubles and technical problems, no speakers (neither invited lecture, nor oral presentation) will be authorized to use his own Personal Computer. CD and or removable external USB drive will be accepted for Power Point presentation on Windows XP operative system.

Invited Lectures "in extenso", oral presentations (accepted) will be published, according to the rules of New Engl. J Med. Send them only by e-mail in Word for Windows or ASCII format (or on a PC compatible floppy disk or CD). It is advisory to enclose your e-mail address (or mailing address).

Deadline for paper submission: July the 21\textsuperscript{st}, 2012

POSTER SESSION
Posters dimensions must not exceed 70 cm x 100 cm, and must be attached in the appropriate areas (A or B) in the morning of the symposium. An author of the work should be present during the Poster Presentation Session [h 13:30 – 14:30] and discuss it with chairmen and colleagues.
SCIENTIFIC PROGRAM

Friday, September 21st, 2012 (Hotel VILLA PREMIERE)

h. 18.30 - 19.00  Registration

h. 19.00 - 19.30  Opening session lecture
[Chairmen: G Della Rocca, A De Monte]

Organ donation and transplantations in Alpe-Adria Regions Where are we now?
[A Nannicosta, CNT-ISS, Health Ministry Italy]

h. 20.00  Gala dinner and “Alpe-Adria Party”

Saturday September 22nd, 2012 (Tullio Building - 1 Floor - Hospital Library - AOU Udine)

h. 8.30 - 9.00  Registration

h. 9.00 - 9.40  The “Alpe-Adria co-founders” lectures:
[Chairmen: F Giordano, G Della Rocca]

What has changed in my lifetime working field:
a bridge between the past and the future

“Monitoring”, F Giordano (Udine)
“Intensive Care”, V Shalk (Klagenfurt)

h. 9.40 - 10.00  Inhospital Patient and Staff Safety in Emergency Medical Care
A processed-based risk management model
J Kainz, [Graz]

h. 10.00 - 11.00  Oral Presentations

Chairmen: F Giordano, G. Della Rocca

10:00 – 10:10  J Juranic, A Protic, J Sokolic, A Sustic
Noninvasive technique of preventing thrombin escape into the systemic circulation during ultrasound-guided
thrombin injection (UGTI) of the postcatheterisation pseudoaneurysms

10:10 – 10:20  D Pirc, S Music
Mechanical cardiac support as a bridge to heart transplantation

10:20 – 10:30  Z Gavranovic, A Gopcevic, M Vucic, B Rode
Extended criteria organ donor - Patient with fulminant bacterial meningoencephalitis

10:30 – 10:40  U Tiler, A Gorysek, M Sontag
Successful use of bivalirudin in a patient with clinically manifested heparin-induced thrombocytopaenia - A case report

10:40 – 10:50  A Gigante, D Brondani, M Raffaelli, A Iacobucci, MC Fiorenza, A De Monte
Preliminary experience of neurally adjusted ventilatory assist (NAVA) in two patients with post-traumatic spinal cord
injury

10:50 – 11:00  B Martinez, W Vezzola, C Contozza
Diabetic ketoacidosis: an unusual case of late postoperative shock in a cardiac surgery patient
Coffee break

Oral Presentations

Chairmen: V Schalk, A De Monte

11:30 – 11:40
L Girardi, P De Stefani, C Cammarano, V Lao, F Beltrame, R Muzzi
Mild hypothermia for intracranial hypertension in a patient with viral encephalitis

11:40 – 11:50
G Serena, S Buttera, D Babiul, F Stefani, E Copetti, S Granzotti, M Brazzoni, D Baroni, MG Costa, G Della Rocca
Postoperative hemodynamic optimization in liver transplantation: study feasibility

11:50 – 12:00
S Fatini, A Sirovich, C Pellegrino, DD Sabadini
Sand aspiration: an unusual case report

12:00 – 12:10
B Karner, R Likar
Full recovery after a chlorguanide and beta-blocker suicide attempt

12:10 – 12:20
C Benedetti, F Stefani, S Buttera, I Toretti, T Dogarevchi, G Della Rocca
Analgesia and anesthesia for labor and delivery: our experience

12:20 – 12:30
U Tider, P Music
Perioperative management of a neurosurgical patient with essential thrombocythemia - A case report

12:30 – 12:40
M Platter, R Likar, H Muller, C Brechaun
Ultrasound-guided regional anesthesia applied to children

12:40 – 12:50
M Gabana, L Komidar, M Sok, V Norid Janinovic
Airway management in two newborns with Pierre Robin Sequence: the use of paraglossal approach vs. fiberoptic intubation through an AirQ supraglottic airway device

12:50 – 13:00
I Markova, T Stopar Pintaric
The influence of improved acute pain service on the quality of epidural analgesia

13:00 – 13:10
A Repar Arsic, K Gjergj, V Vistar
Induced controlled hypotension for endoresection of choroidal melanoma: a case report

13:10 – 13:20
M Bozhinovska, M Knezevic, G Taleska, S Godec, T Luzaar, J Benedik
Anaesthesia in patients suspected for mitochondrial cytopathies

Lunch & Poster session

A: Chairmen: L Pompei - F Bassi

M Damjanovska, P Music
Intracerebral hematoma - Unusual complication of heart transplantation

I PintoCi, I Kontadinov
Subdural block - A complication of epidural anaesthesia (A case report)

F Zori, M Totic, MC Fiorenza, G Germano, A De Monte
Anaesthesia for irreversible electroproporation

C Artico, M Domini, E Zorro, T Dogarevchi, A Varisano, G Della Rocca
Haemodynamic monitoring techniques (NICCOMO vs VIGILEO) in elective caesarean section in a woman with moderate mitral stenosis.

M Bogatti, L Crevatti, F Bassi, C Centonze, S Crivellaro, B Frasa, R Muzi
Transesophageal echocardiography during radical robotic prostatectomy in high risk patient

C Speranzoni, F Rosa, M Lagano, L Vetrugno, I Pompei, G Della Rocca
Peripherally inserted central catheter and midline catheter associated infections: surveillance study in a teaching study

B: Chairmen: MG Costa - P Chiarandini

M Pecchia, M Lagano, A Sertori, M Bassetti, G Della Rocca
Ralstonia picketti in liver transplantation patient: a rare bacterial infection

C Cammarano, F Bassi, P De Stefani, C Pravatini, T Bigolin, A Di Silvestre, R Muzi, A De Monte
Unrecognised blunt carotid injury in a young patient affected by head trauma

F Bassi, C Cammarano, F Lucchese, V Lao, C Centonze, A Di Silvestre, R Muzi, A De Monte
Reverse Takotsubo cardiomyopathy associated with amphetamines intoxication: case report

A Pasquallotto, C Barbarino, R Conti, S Granzotti, F Stefani, G Della Rocca
Rest energy expenditure and VCO₂ in orthotopic liver transplantation

M Domini, T Dogarevchi, C Artico, F Sieri, A Nigro, E Zorro, A Spasiano, G Della Rocca
Perception of post-partum pain and evaluation of its management
### Oral Presentations

*Chairmen: J. Kainz, G. Della Rocca, A. De Monte*
